2021-0008: Travel Registration Fees

Sponsored by: Powers

Co-sponsored by: Madeya, Ruffino

Recognizing that multiple student organizations made plans to travel this fall for the 2020-2021 Academic School Year.

Recognizing that the Senior Leadership said that Ithaca College will not be funding any travel during the 2020-2021 Academic School Year.

Drawing attention to the student organization, Ithaca College Physical Therapy Students of Color, who reached out to the VP of Business and Finance to suggest that due to the unprecedented time that funding registration fees would help clubs be able to attend virtual events and conferences.

Understanding that Article VI Section D Subsection b Sub-Subsection i Sub-Sub-Subsection e of the SGC Allocations Handbook states “SGC will not fund the registration fees associated with registration for travel events. Such purchases include admission or registration fees to events and conferences.”

It is resolved that the Allocations Handbook will include a resolution for the 2020-2021 Academic School Year to support all student organizations with their financial needs.

It is resolved that Article VI Section D Subsection b Sub-Subsection i Sub-Sub-Subsection e of the SGC Allocations Handbook will be replaced with the following:

- e. SGC will fund the registration fees associated with registration for travel events for the 2020-2021 Academic School Year. Such purchases will include admission or registration fees to events and conferences.
