Recognizing that Article IV, Section 8, Sub-Section 5 states that “Executive Board members, SGC assistants, students at large, and all other non-senators shall not have voting privileges during Senate meetings,” which is incorrect. Assistants to SGC members often are Senators themselves.

It is resolved that the Student Governance Council Constitution shall be updated to include the following changes,

Section 1. Article IV, Section 8, Sub-Section 5 shall remove the words “SGC assistants” and shall now read, “Executive Board members, students at large, and all other non-senators shall not have voting privileges during Senate meetings.”
