Whereas, Ithaca College's current parking system creates a situation in which there is limited space to park for both students and faculty,

Whereas, unlike upperclassmen, first year students do not have pro-rated parking,

Whereas, many students living in the Circle Apartments (whom have cars) tend to drive to the main portion of campus during the day, thereby withholding parking from students who commute to campus,

Whereas, the cost of parking permits for undergraduate students is expected to rise next academic year,

Whereas, the tennis courts north of the lower quads are seldom used,

Whereas, the current parking violation fees are too low,

Whereas, the proposed Huron recommendations for Ithaca College's parking system would be inefficient,

It is resolved that, the Ithaca College Student Government Association recommend to IEBC the attached parking proposal and updated campus-wide parking map to solve the aforementioned claims and increase the revenue of Ithaca College.
