Whereas, the Transfer Housing Program currently located only on the first floor of Terrace 11, provides a supportive environment for Ithaca College Transfer Students to connect and collaborate about information and resources only applicable to transfer students

Whereas, since the initial launch of the Transfer Housing Program in the fall of 2011, interest and demand for a spot on the floor has increased. There has since been a greater demand for a space on the floor than spaces available.

It is resolved that Ithaca College Student Government Association formally recommends that an additional Transfer Housing Community be added to the second floor of Terrace 11.
